We Glide Master

Deliver a broad range of innovative, high-quality entrance products and service that meet our customer's needs for efficiency, security and aesthetic design. All round the country.

Years of experience meeting a wide variety of demands allow us to combine our expertise with your professionalism, providing precisely the solutions you seek

Company History

Since its establishment, glidemaster Shutters has grown from strength to strength, from a small family manufacturing business to the foremost manufacturer and supplier of new generation automatic shutters in India. glidemaster Shutters is today, over a span of three decades with the innovative spirit and the constant updating of the technological enhancement in the global scenario ensuring the customers are ahead of time.

At the heart of glidemaster Shutters' success is its uncompromising demand on the finest quality and well tuned team strength. This is evident in its impressive total In-house R&D and manufacturing facilities set in 50,000 Sqft.

The Group established in 1982 with its expertise in manufacturing business, products which are supplied to all over India. Here, the most modern imported machineries and equipment ensure utmost precision in manufacturing, while the use of the impeccable quality materials ensure the most durable and reliable products. It is then not a surprise that glidemaster Automated Shutters are in fact guaranteed to be reliable, safe and operationally smooth. Widely recognized as being of superior quality.

The assurance that glidemaster Shutters is heading towards the right direction is evident in its achievement of world-class quality that exceeds the highest international standards.

The genuine In-House Manufactures of Automated Shutters Industrial, Commercial Residential

* Enhance Security * Convenience of Control * Strength & Elegance

Glidemaster®

Track Record : Unmatched record of proven performance in new generation automatic shutters across the country.

Unique Design Criteria: Each product is designed, engineered and tested at every stage to live up to the highest norms in the industry.

Leadership: We are the first Professional brand in automatic shutters from the state and today we are the India's most innovative brand rated by the country's best corporates/retailers as our repeated clients for over two decades.

Technology: We are among the few total in-house manufacturers in the country. Glidemasters is the technology partnership of world leaders in entrance automation.

Quality: Quality is the bottom line in Glidemasters philosophy. We are on a continuing commitment to achieve increasingly ambitious client satisfaction aims.

Our designer shutter screens are manufactured out of high strength Galvalume steel. The coated galvalume steel which is a Zinc aluminum alloy complying with 550 MP a minimum yield stress and 150 g/m² coating mass. Thanks to these high yield steel which reduces the total screen weight without compromising on the strength/ durability and make it automation compactable for normal to extra **WIDER SPANS**.

Smaller to Wider Spans &
Normal to High Operating Frequencies
Matched to your all requirements

In-House Product Development

At Glidemaster, new products, further developments and detailed improvements all from part of an ongoing process involving a highly qualified development team. This gives rise to patented products which offer the customer unique benefits.

Highly specialized production

Our production systems are based on our own ideas. Applying state-of-the-art technology, we are able to produce industrial doors of a consistently high standard.

Exceptionally Robust and Extremely Efficient.

- Automatic Industrial Wider Span Shutters
- Automatic Roll Up Stainless Steel Shutters
- Automatic Roll-up Multi wall Aluminium Insulated Shutters
